

# The Basics of Commercial HVAC Systems

Thursday, October 16, 2008

8:00 a.m. - Noon

Burkshire Marriott Conference Hotel  
10 West Burke Avenue, Towson MD 21286

This half day program created and presented by Chris Grawburg, PE of The HVAC Training Institute, Inc. is designed to provide you with a broader understanding of the Basics of Commercial HVAC Systems.

Topics will include:

- How to heat and cool building air
- How air is delivered to the space
- How to read "M" drawings
- What you missed on Bid Day!
- Did your superintendent see this?
- Common HVAC systems and how they work
  - + Constant volume package units
  - + Variable air volume (VAV) rooftop systems
  - + Water source heat pumps
  - + Hydronic systems

Green HVAC - HVAC & LEED
